<sup>1</sup> Weekly benefit amount abbreviated in columns and footnotes as wba; base period, BP; base-period wages, bpw; high quarter, HQ; high-quarter wages, hpw; average weekly wage, aww; benefit year, BY; calendar quarter, CQ; calendar year, CY; dependent, dep.; dependent's allowance, da; minimum, min.; maximum, max.

<sup>2</sup> Unless otherwise noted, waiting period is the same for total or partial unemployment. In Ala. waiting period for partial benefits is 1 week; in Iowa 2 weeks; in N.Y. 2-4 weeks; and in W.Va. no waiting period is required for partial unemployment. No partial benefits are paid in Mont. but earnings not exceeding twice the wba and work in excess of 12 hours in any 1 week are disregarded for total unemployment. Waiting period may be suspended if Governor declares State of emergency following disaster. N.Y., Pa., R.I. In Ga. no waiting week if claimant is unemployed through no fault of his own.

<sup>3</sup> When States use a weighted high-quarter, annual-wage, or average weekly-wage formula, approximate fractions or percentages are figured at midpoint of lowest and highest normal wage brackets. When da's are provided, the fraction applies to the basic benefit amount. In States noted variable amounts above max. basic benefits limited to claimants with specified number of dep. and earnings in excess of amounts applicable to max. basic benefit. In Ill. and Ind. no da's paid to claimants qualified only for basic max. benefit or less. In Mich. and Ohio claimants may be eligible for augmented amount at all benefit levels but benefit amounts above basic max. available only to claimants in dependency classes whose aww are higher than that required for max. basic benefit amount. In Mass. for claimant with an aww in excess of \$66 wba computed at 1/52 of 2 highest quarters of earnings of 1/26 of highest quarter if claimant had no more than 2 quarters work.

<sup>4</sup> When 2 amounts are given, higher includes da. Higher for min. wba includes max. allowance for one dep.; Mich. for 1 dep. child or 2 dep. other than a child. In D.C. and Md. same max. with or without dep.

<sup>5</sup> In computing wba for partial unemployment, in States noted full wba is paid if earnings are less than 1/2 wba; 1/2 wba if earnings are 1/2 wba but less than wba.

<sup>6</sup> With the exception of Mont. and N.Dak., States noted have a weighted schedule, with percent of benefits based on bottom of lowest and highest wage brackets. In Mont., duration is 13, 20, and 26 weeks, depending on quarters of employment. In N.Dak., 18, 22, and 26 weeks, depending on amount of BP earnings.

<sup>7</sup> Benefits extended under State program when unemployment in State reaches specified levels: Calif., Hawaii, by 50%; in Conn. by 13 weeks. In P.R. benefits extended by 32 weeks in certain industries, occupations or establishments when special unemployment situation exists. Benefits also may be extended during periods of high unemployment by 50%, up to 13 weeks, under Federal-State Extended Compensation Program.

<sup>8</sup> For claimants with min. qualifying wages and min. wba. When two amounts are shown, range of duration applies to claimants with min.

qualifying wages in BP; longer duration applies with the min. wba; the shorter duration applies with max. possible concentration of wages in the HQ; and therefore the highest wba possible for such BP earnings. Wis. determines entitlement separately for each employer. Lower end of range applies to claimants with only 1 week of work at qualifying wage; upper end to claimants with 17 weeks or more of such wages.

<sup>9</sup> Rate represents min. and max. rates assigned to employers during CY 1973. Ala., Alaska, and N.J. also require employer taxes. Contributions required on wages up to \$4,200 in all States except Minn. (\$4,800); Ore. (\$5,000); Wash. (\$6,000); Hawaii (\$6,800); and Alaska (\$10,000). Wage base in Hawaii computed annually as 90% of State average annual wage.

<sup>10</sup> Waiting period becomes compensable if claimant is entitled to 12 consecutive weeks of benefits immediately following. Hawaii: 5 consecutive weeks. Iowa: is unemployed for at least 6 weeks and is not disqualified. La.: after 9 consecutive weeks of benefits paid. Mo.: when benefits become payable for third consecutive week following waiting period. N.J. and for fourth consecutive week following waiting period. Maine: after individual has been paid benefits equal to 4 x wba. Pa. and Va.: after benefits are paid for 4 weeks. Tex.: if reemployed full time after 4 weeks benefits paid. Minn.: if employed with other than BP employer for at least 4 of first 10 weeks of BY and earns wages of 4 x his wba. Wis.

<sup>11</sup> Or 15 weeks in last year and 40 weeks in last 2 years at aww of \$30 or more. N.Y.: or 14 weeks in BP and 55 weeks in those 52 weeks plus any BP which ended not more than 10 weeks before the start of those 52 weeks. Wis.

<sup>12</sup> For N.Y., waiting period is 4 "effective days" accumulated in 1-4 weeks; partial benefits are 1/2 of wba for each 1 to 3 effective days. "Effective days": the fourth and each subsequent day of total unemployment in a week for which not more than \$95 is paid.

<sup>13</sup> Percent applicable to employers who elect coverage.

<sup>14</sup> Prior to Aug. 1, 1974, min. wba, \$10; max. wba, \$60. Aliz.: prior to Oct. 1, 1974, min. wba, \$12; max. wba, \$64. N.C.

<sup>15</sup> Effective Sept. 30, 1974, 55%. Ore.: Jan. 1, 1975, max. wba increased by any percentage increase in State aww. Ohio: Jan. 6, 1975, 66 2/3%. Wis.

<sup>16</sup> In addition to total wages of \$1,300, claimant also must have either (1) 16 weeks of employment with wages of 15% of average wage or (2) 600 hours of employment.

<sup>17</sup> \$1,500 in any CY in current or preceding CY unless otherwise specified.

<sup>18</sup> Also covers employers of 20 or more agricultural workers in 20 weeks. Hawaii: covers 4 agricultural workers in 20 weeks. Minn.
