*In a few instances data shown is effective a few days after date shown.

1 Weekly benefit amount abbreviated in columns and footnotes as wba; base period, BP; base-period wages, bpw; fiscal year, FY; high quarter, HQ; high-quarter wages, hqw; average annual wage, aaw; average weekly wage, aww; benefit year, BY; calendar quarter, CQ; calendar year, CY; dependent, dep.; dependents allowances, da.; minimum, min.; maximum, max.; quarter, qtr.; week, wk.

2 Unless otherwise noted, waiting period same for total or partial unemployment. In Ga. no waiting week if claimant unemployed not through own fault.

3 When States use weighted high-quarter, annual-wage, or average weekly-wage formula, approximate fractions or percentages figured at midpoint of lowest and highest normal wage brackets. When da provided, fraction applies to basic wba. In States noted variable amounts above max. basic benefits limited to claimants with specified number of dep. and earnings in excess of amounts applicable to max. basic wba.. In Ind. da. paid only to claimants with earnings in excess of that needed to qualify for basic wba and who have 1-4 depts.. In Iowa, and Ohio claimants may be eligible for augmented amount at all benefit levels but benefit amounts above basic max. available only to claimants in dependency classes whose hqw or aww are higher than that required for max. basic benefit. In Mass. for claimant with aww in excess of \$66 wba computed at 1/52 of 2 highest quarters of earnings or 1/26 of highest quarter if claimant has no more than 2 quarters work.

4 When 2 amounts given, higher includes da.. Higher for min. wba includes max. allowance for one dep.. In D.C., Md., and N.J., same max. with or without dep.

5 In computing wba for partial unemployment, in States noted full wba paid if earnings are less than 1/2 wba; 1/2 wba if earnings are 1/2 wba but less than wba.

6 States noted have weighted schedule with percent of benefits based on bottom of lowest and highest wage brackets.

7 Benefits extended under State program when unemployment in State reaches specified levels; Alaska, Calif., by 50%; Conn. by 13 weeks; Oreg. (until July 1, 1989) by 25%. In Hawaii benefits extended by 13 weeks when a manmade or disaster causes damage to either the State as a whole or any of its counties and creates an unemployment problem involving a substantial number of persons and families. In P.R. benefits extended by 32 weeks in certain industries, occupations or establishments when special unemployment situation exists. Benefits also may be extended during periods of high unemployment by 50%, up to 13 weeks, under Federal-State Extended Compensation Program.

8 For claimants with min. qualifying wages and min. wba. When two amounts shown, range of duration applies to claimants with min. qualifying wages in BP; longer duration applies with min. wba; shorter duration applies with max. possible concentration of wages in HQ; therefore highest wba possible for such BP earnings. Wisc. determines entitlement separately for each employer. Lower end of range applies to claimants with only 1 week of work at qualifying wage; upper end to claimants with 18 weeks or more of such wages.

9 Waiting period compensable if claimant unemployed after 9 consecutive weeks, Mo.; when benefits are payable for third week following waiting period, N.J.; after benefits paid equaling 3 x wba, Tex.; after any 4 weeks in BY, Minn..

10 Or 15 weeks in last year and 40 weeks in last 2 years of aww of \$80 or more, N.Y.; 14 weeks of employment and BP wages equal to 20 x the State aww, Mich.; BP wages in 2 qtrs. of 1-1/2 x the min. Missouri taxable wage base for that year, Mo..

11 For N.Y., waiting period is 4 effective days accumulated in 1-4 weeks; partial benefits 1/4 wba for each 1 to 3 effective days. Effective days: fourth and each subsequent day of total unemployment in week for which not more than \$180 is paid.

12 To 57% State aww if claimant has nonworking spouse; 64% if he has dep. child, Ill.; 1/19-1/23 up to 65% of State aww for claimants with dep., Iowa; 1/46 of wages in highest 2 qtrs if the trust fund balance is at least \$90 million or as 1/52 of wages in highest 2 qtrs. if the trust fund balance is less than \$90 million, Del.; a State aww ranging from 60% to 66-2/3% depending on the balance in the fund, Minn.; wages in the 2 highest qtrs. divided by 45, Vt..

13 Up to 66-2/3% of State aww, La.; N.C., 66-2/3% beginning August 1, 1988.

14 Duration can be much less than 26 wks. for individuals with only one BP ER, Okla..

15 \$1,500 in any CQ in current or preceding CY unless otherwise specified.

16 Max. amount adjusted annually: by same percentage increase as occurs in State aww (Ohio) by \$7 for each \$10 increase in average weekly wage of manufacturing production workers (Texas).

17 The min. and max. wba's are frozen indefinitely, La. and Wisc.. The max. wba is frozen until July 1989, W.Va.; until October 1989, Tex.; and indefinitely, S.Dak..

18 The wba will be reduced by 5% if the weekly benefit amount is \$75 or more, Pa.; wba's over \$90 will be reduced to 85% of the computed amount when revenues in the fund are inadequate to pay benefits, Wyo.; the greater of \$197 or 60%, 57.5%, 55%, 52.5% or 50% of State aww of the second preceding CY depending on the condition of the fund, Okla..

19 For CY 1988 the taxable wage base was computed as 50 percent of the State average annual wage.
